

Western University is one of the leading private institutions in Azerbaijan. It was founded in 1991 with the objective of creating an educational institution which would contribute to sustainable development in Azerbaijan. We train students to become specialists who satisfy the current and future needs of the country. The 5 schools and 3 campuses, which include over 180 faculty members, provide undergraduate and graduate training in 36 programmes for over 1000 students in full-time, evening and part-time courses. Moreover, scientific centers on sustainable human development and gender studies have been established to further contribute to the sustainable development of the country through research, capacity building and human capital development.

Western University offers a wide variety of high-quality programmes at undergraduate, postgraduate, and PhD levels.
